ABOUT

Hello, my name is **Hussain Abbas**. I'm a front-end engineer with a **burning** passion to create beautiful, easy to use and performant experiences.

I specialize in **front-end architecture** where I piece together systems that anchor **leaner**, more **performant** and **scalable** products.

Like what you see? You can see more by heading over to my **website!**

EXPERIENCE

Keyhole - Front-End Engineering Lead | Apr. 2016 - Present

- ✦ Designed and developed a number of different products using a modern JavaScript stack (React, Redux, Webpack, Babel, etc).
- ✦ Implemented design systems and component libraries using Storybook, React, and Stylus with the Atomic Design methodology.
- ✦ Led team on front-end strategy, with a focus on performance, maintainability, accessibility and scalability.

Plexxis Software - Software Specialist | Sept. 2012 - Jan. 2016

- ✦ Designed and developed reports and forms using ORACLE development suite and PL/SQL.
- ✦ Worked directly with multi-billion dollar companies providing custom end-to-end reporting solutions.

Netosphere - Founder | Nov. 2013 - Dec. 2015

- ✦ Founder and full-stack developer of web design studio specializing in web development, app development, SEO, hosting, and graphic design.
- ✦ Bootstrapped the business from the ground up.

PROJECTS

BlockBusters Trivia Competition | Co-Founder & Lead Developer

- ✦ Trivia competition established in 2011, run annually across multiple countries, with thousands of participants in attendance.
- ✦ Designed and developed the game platform, along with registration, admin portal, and tournament management using Vue.js, Node.js, Express, Socket.io, MySQL, hosted on AWS.

uRecite App | Full-Stack Developer

- ✦ Developed web, iOS, and Android app that showcases Islamic poetry write-ups and audio using Ionic, Angular, Node.js, Express, and MongoDB.
- ✦ Created REST API and database management tool to make it easy to insert poems and upload audio.

Bl4ckOut Project | Webmaster & Forum Administrator

- ✦ Custom firmware that brings the look and feel of newer iPhones to older devices no longer supported by Apple.
- ✦ Spearheaded branding and design for custom firmware and website.

Nothin' but Change | Co-Founder & VP of Marketing

- ✦ Homelessness awareness student organization at York University.
- ✦ Lead marketing campaigns for events and initiatives on campus.
- ✦ Designed and developed website and branding.
