ABOUT

Howdy friend, my name is Hussain. I am a university dropout with a **burning** passion for technology.

Unlike most programmers, I am not just a coder, but a **creator**. I not only develop, I **design**. Some people call it work, I call it **play**!

Like what you see?
You can see more by
heading over to my **website**!

"Every child is an artist. The problem is how to remain an artist once he grows up."
- Pablo Picasso

EXPERIENCE

Keyhole - Front-End Engineering Lead | Spring 2016 - Present

- ❖ Prototyped, designed and developed social media account tracking application using CakePHP, SASS, JavaScript, Flot Charts and more.
- ❖ Demonstrated ability to work well with others and utilized analytical and technical skills to solve problems.

Plexxis Software - Software Specialist | Fall 2012 - Winter 2015

- ❖ Started off as a co-op position and quickly moved to full-time position.
- ❖ Designed and programmed reports and forms using ORACLE development suite and PL/SQL Developer.
- ❖ Worked directly with multi-billion dollar companies providing custom end-to-end report solutions.

Netosphere - Founder | Winter 2013 - Winter 2015

- ❖ Founder and technical developer of web design studio specializing in web development, app development, SEO, hosting, and graphic design.
- ❖ Dealt directly with clients throughout entire development process.
- ❖ Built and grew the business from the ground up with little help.

PROJECTS

BlockBusters Trivia Competition | Project Manager

- ❖ Director of annual trivia competition hosted at the Jaffari Community Center which caters to over 150 participants.
- ❖ Rebranded the competition and gave it an identity of its own.
- ❖ Rebuilt trivia platform using AJAX to display questions to the audience.

uRecite App | Full-Stack Developer

- ❖ Developed and managed religious poetry app that showcases Islamic poetry write-ups and audio using the MEAN stack and Ionic.
- ❖ Created REST API and database tool to make it easy to insert records.
- ❖ Demonstrates excellent management skills by delegation of tasks.

Bl4ck0ut Project | Webmaster & Forum Administrator

- ❖ Custom firmware for older iOS devices to bring back speed and functionality using custom scripts and packages.
- ❖ Spearheaded branding campaign of custom firmware and website.
- ❖ Able to conceptualize new ideas for custom firmware design and features.

INVOLVEMENT

Hackathon Hacker | Casual Hacker

- ❖ SwitchVR (QHacks) - A tap-tap game built on the Oculus and Leap Motion.
- ❖ MySpacethe.Net (SpartaHack) - A fun google chrome extension.
- ❖ NoNoWhere (DeltaHacks) - A Platform to Help People Find a Direction.

Nothin' but Change | Co-Founder & Web Master

- ❖ Homelessness awareness organization at York University.
- ❖ Spearheaded branding campaign of organization.
- ❖ Designed and developed website from scratch.

Islamic Relief @ York University | Vice President of Marketing

- ❖ Islamic not-for-profit charity organization at York University.
- ❖ Lead of marketing campaign for events and initiatives on campus.
- ❖ Designed and standardized look and feel for graphics and posters viewed by thousands of people every day.
